**Open Letter of Thanks and Appreciation  
“Call to Action” Participants**

On behalf of the Prince George’s County Educators’ Association (PGCEA), we would like to extend our sincerest “thank you” and deepest appreciation for your unconditional support and attendance during our open/all-out calls to participate in our past rallies of support for the Maintenance of Effort (MOE) proposition. All efforts launched had produced many positive results. PGCEA is duly proud of the changes your collective actions have effected.

PGCEA also wishes to extend this same appreciation to the County officials who were duty- bound to assist in the facilitation of the implementation of the MOE funding. However, we realize too that the MOE funding is severely deficient in providing the total financial support adequately needed by Prince George’s County Public Schools (PGCPS) to continue in its efforts to educate its student population. PGCEA is fully dedicated to developing and strengthening its partnerships with all organizations with similar goals and objectives.

Committed to Meet Your Needs,
